Steven Palombo appointed Manager for Australia

Air Mauritius is pleased to announce the appointment of Mr Steven Palombo as Manager for Australia. He will be responsible for the overall Air Mauritius's operations in Australia and our current online operations in Perth and Melbourne.

Steven's appointment takes effect as from Monday 27th July 2009 and he will be based in Melbourne. He has been appointment after a thorough recruitment process following public advertising for the position.

Steven has completed a Masters of Business (Marketing) at RMIT University Melbourne and worked for the aviation industry for more than 10 years with proven experience in the Australian market in various fields. He has been the Business Manager, Australia for Tiger Airways and prior to this he was Airline Business Manager for Melbourne Airport.

Steven brings with him a wealth of experience and joins the airline at a particularly tough time in our industry. We know we can rely on your usual support and cooperation which has characterised our relationship for many years now.

27 July 2009

Air Mauritius is the national carrier of the Republic of Mauritius in the Indian Ocean. Created in 1967, it currently operates a fleet of five A340-300, two A340-300E, two A319-100, one A330-200 and two ATR72-500. Air Mauritius presently flies to twenty-four destinations in Europe, Asia, Australia, Africa and the Indian Ocean.
